

Larry Parah, Sr. Consultant & Trainer, BlueSkye Track, Inc.

Background

Larry is the principal, founder and Sr. Consultant for BlueSkye Track.

BlueSkye Track serves clients nationally and internationally on consulting and training assignments for:

- supplier audits (manufacturers of electronic and machined products: food service equipment, automotive parts, power controllers, cables, harnesses, and a wide variety of machined parts)
- quality management implementation and training
- lean & lean six sigma (process improvement)

Services / Knowledge Matrix:

ISO 9001 Quality Management	OHSAS 18001 Health and Safety
ISO 14001 Environmental Management	R2/RIOS Recycling
ISO 13485 Medical Devices	Lean
ISO 50001 Energy Management	Lean Six Sigma
AS 9100 Aerospace	Supply Chain Audits & Assessments

Larry's 35+ years of technology experience includes semiconductor and systems manufacturing in aerospace, telecom, NC machining, and computer systems. He has managed teams of 65+ people, implemented more than 30 ISO and process improvement projects, and audited more than 50 manufacturing suppliers around the world. He has deep expertise in quality management.

His lean six sigma experience includes process mapping, statistical process control, corrective action (8D), a variety of quality tools, and use of the lean six sigma DMAIC (define, measure, analyze, improve, control) methodology. He co-developed and launched Dartmouth College's first ever LIVE ONLINE workshop offerings: Lean Six Sigma Yellowbelt, Greenbelt and Blackbelt. Larry co-developed the workshop outlines, portions of the content, selected the LIVE online delivery application, and successfully marketed the workshop to people around the world.
